We invite you to become part of our team!*

We are looking for a

IT NETWORK & CONNECTIVITY GROUP MANAGER (m/f/x)

In this role, you will be responsible for the IT/OT network and connectivity of the entire NMC Group.

YOUR TASKS AND RESPONSIBILITIES

- Defining the strategy and designing the IT and OT network and connectivity to meet the requirements of the NMC Group
- Managing and maintaining the architecture of IT network on Group level
- Executing projects, deployment and monitoring of the wired and wireless network
- Manage mobile connectivity and remote access to NMC systems at group level and enable the use of smart devices
- Enabling access to OT devices, e.g. extruders, manufacturing robots, 3D printing, IOT devices in close cooperation with the automation department
- Management of security at network level, e.g. network access and segmentation, under the supervision of the Information Security Manager
- Resolving network issues, ensuring optimal performance, monitoring network traffic, and maintaining seamless network operations

YOUR PROFILE

- Bachelor's degree in IT, computer science or similar education
- Previous working experience as a Network Manager for 3 to 5 years
- Strong understanding of network technologies (switching, routing, firewalls, VLANs, SD-WAN, load balancers, NAC and 802.1x, ...)
- Proficiency in network device configuration and troubleshooting as well as experience with network design, remediation, and documentation
- Knowledge of Cisco, Aruba
- Excellent command of English and good knowledge of French or German
- Willingness to travel up to 35% of the time

YOUR STRENGTHS

- User oriented
- Initiative-taking and result oriented
- Extensive knowledge of managing and implementing data communication networks.
- Strong analytical and problem-solving skills
- Structured, methodical, and precise working method

OUR OFFER

- A challenging and responsible position in an internationally growing company with a clear sustainability strategy
- Close cooperation with colleagues from different departments and with diverse experience
- A professional working environment with room for your own ideas and interesting development prospects

We look forward to getting to know you. Please submit your application to jobs.nmc@nmc.be
